MEMORANDUM (Brief Communications)

State of Alaska

TO:	Name Ed	Dept./Div./Sect. R2	Mail Stop	
FROM:	Name Lone	Dept./Div./Sect. R2	Phone	Mail Stop
SUBJ:				Date 5/19/92

There is a drafting error for the North Fork of Campbell Creek. We need to straighten this out. I drew a rough sketch of the drainage that approximates their location. Our map appears to be incorrect.

MEMORANDUM

State of Alaska

DEPARTMENT OF FISH & GAME

TO: Gay Muhlberg
Stewart Seaberg
Habitat Biologists
Habitat Division
Department of Fish and Game

DATE: May 21, 1992

FILE NO.:

TELEPHONE NO.: 267-2342

SUBJECT: Inspection of North
Fork of Little
Campbell Creek

FROM: Lance L. Trasky 
Regional Supervisor
Region II
Habitat Division
Department of Fish and Game

On May 15, 1992 Glenn Seaman and I inspected the north fork of Little Campbell Creek from its confluence with Campbell Creek to Abbott Loop Road. We did not find any AS 16.05.870 or .840 violations. Fish passage in the north fork appears to be restricted at a long culvert which runs under east 76th Street for several hundred feet. We did not find any barriers on the south fork of the north fork to where it enters the Campbell Airstrip tract. There are no obstructions within the Campbell Airstrip.

cc: Don McKay
